

Crochet Christmas Bell: Step-by-Step and Christmas Ornament Chart

If you want to learn how to make step-by-step Christmas crafts and profit from Christmas decoration ideas to sell, this crochet Christmas bell tutorial is perfect! Handmade crochet Christmas ornaments are highly trendy and serve as excellent options for personalized gifts and handmade Christmas decorations.

Materials for Christmas Crafting

- **Crochet cotton yarn** (Tex 295) in traditional colors: Ecu, Green, and Red.
- **2.5 mm crochet hook** (perfect for keeping stitches tight).
- **Tapestry needle** for flawless weaving in/finishing.
- **Homemade crochet stiffener** (mixture of water and white glue in a 1:1 ratio).
- **Mini white pearl** to simulate the inner clapper of the bell.
- **1 mini button** for finishing the Christmas tree.

Chart and Pattern: How to Make a Crochet Christmas Ornament

Technical note: Follow the rounds below keeping your stitch tension uniform.

- **Round 1 (Ecu Yarn):** Start with a magic ring. Chain 3 and work 11 more double crochets (dc) into the ring. Close with 1 slip stitch (sl st). [Total: 12 dc]
- **Round 2:** Chain 3. Work 1 increase (2 dc in the same base stitch) in each stitch all the way around. Close with a sl st. [Total: 24 dc]
- **Round 3 (Red Yarn):** Change yarn color. Work stitching only into the back loop (BLOx). Follow the sequence of *1 single crochet (sc), 1 increase*. Repeat all the way around. [Total: 36 sc]
- **Rounds 4 to 8 (Bell Body):** Alternate colors between Green and Ecu every two rows to create the vintage pattern. Work straight rows of stitch-over-stitch (dc or sc) shaping the conical format of the bell.
- **Round 9 (Wavy Brim / Finishing):** With the Ecu yarn, work the edging: *1 sc, skip 1 base stitch, work 5 double crochets in the same stitch (shell stitch), skip 1 stitch*. Repeat the process all the way around and fasten off.

How to Make the Top Crochet Bow

With the Green yarn, chain 25. Work 5 straight rows of double crochet (dc). Fasten off the rectangle immediately. Fold the ends toward the center and tie a red yarn tightly in the middle to gather it and form the Christmas bow. Sew the button in the center and attach it to the top of the bell.

Special Tip: How to Starch Crochet for Christmas Decoration

To make your handmade Christmas bell identical to the three-dimensional models in the photos, dip the finished crochet into the durable mixture of glue and water. Shape the piece over a plastic cone and let it dry for 24 hours. This process elevates your Christmas craft and ensures a professional finish to sell or decorate!
